Eckart Building
Classroom Usage Rules

The Eckart Building’s main entrance door on Biological Grade is programmed to be unlocked Monday-Friday from 7:30 am-5:30 pm. The door will automatically lock at 5:30 on weekdays and an access code will be needed to enter the building. An access code is always required for weekends.

Users will be assigned an access code for classes, seminars, recurring meetings, etc. The primary contact can share the access code with participants and should apprise each participant of usage rules. The code should never be given to non-participants and code usage is recorded in an electronic activity log. Access codes deactivate at the end of the quarter or designated end date.

Eckart 2nd floor Classroom Access Doors

Lecture Hall (Room 227):
   Door will be unlocked from 8:00am – 4:30pm.

Computer Lab (Room 225):
   There is an OmniLock on the door leading directly into the Computer Lab. Food and drinks are prohibited in the computer lab.

Classroom (Room 236):
   Door will be unlocked from 8:00am – 4:30pm.

Users should never prop open doors. The Eckart Building has very public access Monday-Friday from 7:30-5:30. Leaving a door propped open puts students, staff and equipment in the entire area at risk.
